Humboldt County Selected For PILOT PROJECT!

The Iowa Department of Agriculture and Land Stewardship – Division of Soil Conservation and Water Quality (IDALS-DSCWQ) and the Humboldt Soil and Water Conservation District (SWCD) are sponsoring a new **"Reverse Auction"** pilot program which aims to provide financial assistance to bidders for conservation practices. Terraces, grass waterways, grade stabilization structures, water and sediment basins, bioreactors, cover crops, no-till and strip-till are all eligible practices under the reverse auction pilot program. Under the pilot program, applicants will submit a "bid" for the amount of cost share assistance they would find acceptable to implement conservation practices. The lower the bid, the more competitive it will be. Once the bids are submitted, they will then be evaluated to determine the greatest environmental benefit in terms of Soil Loss/Sediment Delivery, Phosphorus or Nitrogen reductions per cost share dollar bid. An applicant interested in bidding on cover crops, no-till, and strip-till cannot have used this practice before.

A person interested in submitting a bid will need to contact the Humboldt SWCD by September 9th. Field office staff will provide a cost estimate for the proposed practice(s) for the applicant/bidder along with a copy of the "Reverse Auction Bid Form". The deadline to sign up for this program is September 9th.

If you are interested in learning more about this program, please contact the Humboldt SWCD at 515-332-3337, ext 3.

Love, KJR

Thank You

A simple thank you does not come close to saying how much we appreciate all the love and support our family has received since Sidney's diagnosis on May 25, 2016. From the many letters and cards to the meal train and even the Thor Lutheran Church benefit. We are truly grateful for everything and everyone. God is amazing in showing us the kindness of this community.

Sincerely and forever indebted,
Andy, Amanda, Weston, and Sidney Paul
